

And they're
only installed
in places
where there
are always
people

It's very
spacious,
so air
conditions
aren't very
effective

As you know,
this is a
traditional-style
Japanese house

It's got
yelled at
by dad

If I lie
around in
a place
where
customers
would be

So go to
the living
room or
office

lie around
all day today!

I want
to

Gasp

So hot.

Flap

Flap

Startle

but why
are you
sitting
next to
me?

So you
say.

You should
try to be
a bit more
modest.

Hey, you're
a bit too
indecent.

if you
don't
cause
problems,
you can
come in.

At night
fine

Well,

I guess
she does
work really
hard all
the time

Honestly...

slide

Thank you
Takamura-
san!

stare

She probably
wants to be
lazy from
time to time

really
don't
want to
get up
at all

You...

Eh?

I heard a bit
of your
phone call

Oh...
ah.

Yeah

Sorry

And what
the hell are
you doing?!

Eh?

Im
stretching

Saying
"You could
get a much
better job"

My parents
expect far
too much
of me!

Doesn't
like the
idea.

Phew

I have a message from your mother.

Oh, right, Takamura-san.

Ah, he died.

You're in someone else's home, so stop masturbating every day.

A few days later,

a large amount of pornographic material arrived from Takamura's mum.

Takamura's HP is already at 0!

Seriko-chan, stop it!

Also, your porn books and DVDs are getting in the way Black Home, so she wants you to do something about them.
